

X International Conference on HFRS, HPS & Hantaviruses

May 31-June 3, 2016
Fort Collins, Colorado, USA

Dear Colleagues,

On behalf of the Executive Committee of the International Society for Hantaviruses (ISH), we are pleased to invite you to the X International Conference on HFRS, HPS & Hantaviruses, which will be held in Fort Collins, Colorado, USA, May 31 to June 3, 2016.

This conference first convened in 1989, in Seoul, with the intent of providing a forum for scientific exchange of information on HFRS and hantaviruses. Since then, international conferences have been organized every three years with venues in Beijing, Helsinki, Atlanta, Annecy, Seoul, Buenos Aires, Athens, and Beijing 2013. The ISH now includes investigators from around the world working on all aspects of hantavirus research.

The continuation of this society and the organization of these conferences are amazing achievements, in that the ISH receives no official funding and members pay no dues. Thus, the ISH exists solely because of our shared enthusiasm for research on hantaviruses and the diseases that they cause.

We sincerely hope that you will be able to participate, as your presence is very important for the success of this unique undertaking. If you are interested in receiving further information about this conference, please visit our new website:
<http://www.hantavirus2016.org/>.

We look forward to seeing you in Fort Collins. Best Regards,

Connie Schmaljohn, USA
President

Anna Papa, Greece
Secretary

Jan Clement, Belgium
Vice President

Tony Schountz, USA
Local Organizer
